To: Nebraska Environmental Quality Council

From: Sarah Starostka, Administrator
Planning & Aid Division

Subject: Litter Reduction and Recycling Grant Program
2024 Funding Percentage Allocations

The Litter Reduction and Recycling Act states: “The department shall allocate and distribute funds in percentage amounts to be determined by the council on an annual basis.” Each year, the Environmental Quality Council establishes the percentage of how the funds will be allocated for each grant category.

The department’s recommended percentage allocations for the 2024 grant year, along with the funding amounts requested, are as follows:

Category	2024 eligible requests		2023 eligible requests	
Recycling	28%	\$ 726,872	34%	\$ 825,104
Public Education	68%	\$1,766,348	63%	\$1,526,992
Cleanup	4%	\$ 106,791	3%	\$ 81,458
Totals	100%	\$2,600,011	100%	\$2,433,554

Note: The 2024 amounts are requests, and not necessarily the amount that will be available for award. The amount available will be known in late November.

These recommended percentages are based on the actual applications received for the 2024 and 2023 grant years. For the 2023 grant year, the council granted the department the ability to adjust these percentages by up to 20% if it determined it was necessary to enable the funding of good projects. The department asks and recommends that it again be allowed to adjust these percentages by up to 20% for the 2024 grant year if warranted.

Below are the actual percentages and award amounts for 2023:

Category	Award Amounts	
Recycling	34%	\$ 825,104
Public Education	63%	\$1,526,992
Cleanup	3%	\$ 81,458
Actual Awards	100%	\$2,433,554
