CONSTRUCTION STORM WATER PERMITTING PROCESS SUBMISSION

Attach project map file(s) for upload into the application.

Before submitting Construction Storm Water Notice of Intent application, attach map(s)/aerial photo(s) with enough detail to identify the location of the construction site and waters of the state within one mile of the site. Aerial photo of project area with project area outlined on the photo is preferred. (e.g., USGS 7.5 minute quad map, a portion of a city or county map, or equivalent map).

Document ID

Accepted file types: PDF, JPG, GIF, and TIFF.

No attached documents were found.
DocuSign Issues

- Links should be going to the Certifying Official’s email that is listed on the application.
- We can resend DocuSigns, but we will not accept “wet signature” copies.
- DocuSign links will come from “DocuSign Systems”, not NDEE.
- Documents expire after 30 days, but can be reuploaded. Call your CSW team for assistance.

Delegating CSW Project to a New Certifying Official

If the Certifying Official changes:
- Submit a new NOI application.
- Send us a memo stating the reason why, including both CSW numbers.
- Original documents can be used when submitting CERTs and SWPPPs.
If your CERT tells you there is a “potential impact on listed species”, you will need to contact Nebraska Game and Parks for a further review. Once complete, submit the signed CERT as well as the letter from Game and Parks.
SWPPP Review

An EPA template is available to help guide you through the SWPPP development process and help ensure that your SWPPP addresses all the necessary elements stated in your CGP.

Consultant firms can produce their own templates, but they need to still address the elements stated in NER210000 General Permit.
